No

We have just converted this lovely Keswick green 2.4 Defender 110 with a Drivelodge elevating roof and bespoke camper van interior to sleep 2/3 with lots of internal storage and plenty of scope to personalise as you wish with extras such as split charge battery system, solar panel, heating, fridge, cooker etc plus all of the traditional Defender external mods associated with these amazing vehicles.

We've been right through the base vehicle and it will come with 12 months MOT and a full service.

Please give us a call on 01626 834123 if you would like to come and have a look and discussing further build options.
